

PROJECT SHEET PROJECT SHEET

NEW RESTAURANT

Mt. Pleasant Dairy Queen
Client: Judy Lynn Craig
Services: Site Planning & Building Design
Project Cost: + 1 Million Dollars

The CHALLENGE:

- Design of a new Dairy Queen Grill & Chill Restaurant at a high profile commercial site.
- Modify national chain restaurant design to meet client needs

The SOLUTION:

- Design of a site plan including: parking, drive thru, and delivery truck access for a new restaurant building.
- Design of erosion and sediment control, stormwater management, and all land development and zoning permits.
- Complete site landscape design including the use of two rain gardens to reduce run-off.
- Redesign of a national chain restaurant to include a private dining room and to meet local building codes.
